

JOB DESCRIPTION

Title SECURITY QUALITY ASSURANCE MANAGER AND TRAINER

Description

Will work as a client representative for a large retail chain, managing the overall quality and performance of a contracted team of security officers. Responsible for conducting training in proactive threat assessment, security questioning, access control, surveillance detection and threat-oriented security.

Responsibilities

- Continuous testing and red teaming of security officers at all client locations.
- Design, management and execution of training exercises and testing.
- Assure security forces adhere to the Security Operating Procedures.
- Track, manage and disseminate all relevant information collected from security forces.
- Write and deliver concise, accurate and thorough reports on all activities.

Work involves extensive travel within Texas: Austin, Corpus Christi, Dallas, Houston, San Antonio and the Valley.

Required Skills and Experience

- Military, security or loss prevention experience.
- Training both in curriculum design and execution; must really enjoy teaching.
- Ability to work independently and to make decisions.
- Proactive mind set.
- Excellent communication skills, both written and verbal.
- Able to connect and get along with people from all backgrounds and at all corporate levels.

Education

College degree or equivalent.

Reports To Senior Security Quality Assurance Manager

Salary - \$50,000 range, plus benefits

Start Date

Successful candidate will attend a one-week training in San Antonio a few weeks prior to expected contract commencement in mid-October 2013.
